GRIFFING'S

For the past thirty years, GRIFFINGS have supplied the Nursery Trade of the South with a general line of Fruit and Ornamental Trees and Plants. With the greatly increased stock of trees and plants, with the most modern and finest Nursery equipment and facility of any Nursery in the South, with the very best of trained and experienced help, we are able to handle your orders for any stock you may require, for your deliveries or orders, with trees and plants that will please both yourselves and customers. Special attention given to SALES YARD orders; also to shipments from our Nurseries direct to your customers.

Thirty-four years ago, five boys (brothers) from central New York, started in North Florida on a few acres, under the name of GRIFING BROTHERS; the operations extending from Florida to South Texas. Where a study of local conditions has been closely watched, we have obtained and disseminated information of great value which is contained in the following Service Bulletins, a few of which are now available:

GRIFFING'S SERVICE BULLETINS No. 51.—“Planting Instructions”; No. 71, “General Fruits”; No. 66, “The Pecan”; No. 76, “The Fig”; No. 56, “Shade and Ornamental Trees, Shrubs and Landscaping the Home.”

Several years ago, State inspection regulations interrupted exchange stock between branches. Therefore, it practically made the managements at the several places more of an individual proposition, thus voluntarily liquidating the Griffing Brothers, the properties being divided among the brothers' interests, which branches are now being operated separately. The properties in Texas have been taken over by W. C. Griffing, who is now sole owner of the business known as “Griffing Nurseries” and is operated under this name.

It goes without saying that we have had long experience in the south, and Mr. Griffing gives his personal attention to the growing of the trees and plants especially adapted to this section, giving special attention to the packing, grading and quality of the stock.

GRIFFING NURSERIES,

W. C. Griffing, Proprietor,
Beaumont, Texas.

TERMS OF SALE.

Unless some special contract agreement to the contrary exists, it must be understood by purchaser that the terms named in this list govern all wholesale business with us. OUR RESPONSIBILITY extends only to persons purchasing direct from us, nurserymen and tree agents selling upon their own responsibility.

Prices named herein abridge and cancel all previous lists, are subject to change without notice, and apply only to orders regularly accepted by us. They are net and not subject to any discount except as stated under Cash Discounts.

We accept all orders upon condition that they shall be void should any injury befall the stock from digging, frost, hail, storm, fire, strikes, flood, insect pests, infections, quarantine regulations, or other causes beyond our control, any of which causes might prevent shipment thereof. We disclaim any liability if unable to fill any order for any of these causes, or on account of previous sale.

OUR LIABILITY.

If any nursery stock, etc., proves untrue to description under which it is sold, seller shall be liable to the original purchaser only, but to no greater extent or amount than the purchase price paid for such nursery stock, etc., and the seller, except for the aforesaid agreed liability, and in respect to such purchased nursery stock, etc., gives no warranty, express or implied, as to description, quality, productiveness or any other matter. If goods are not accepted under these conditions, they must be returned immediately upon receipt, and money will be refunded. All claims for errors must be made upon receipt of goods.

PACKING CHARGES.

Boxes, crates or burlap coverings will be charged for as near cost as possible for local freight and express shipments.

CARLOAD SHIPMENTS.

Bulk carload shipments, no extra charges for packing or packing material used.

RESERVE ORDERS.

Orders for any considerable quantity of stock, booked for future delivery must be accompanied by a deposit of 25 per cent of the amount of order, to insure us in reserving the stock.

RAILROADS IN TEXAS

(Give a Special Balled Tree Rate.)

After perfecting the "Balled and Burlapped" method of handling Evergreen Trees and Shrubs and Palms, we confronted an objection—heavy freight charges. To overcome this, we worked constantly to get a freight rate which would enable us to handle trees "Balled and Burlapped," thereby saving the regular nursery stock rates. (Apparently paying high freight on dirt.) Texas railroads granted a special Balled and Burlapped rate on nursery stock, which is now in effect and which can be found, as follows:

See A. C. Fonda's Agents, Texas Lines Tariff No. 2-E, page 62, Item No. 185. Article reads as follows:

"Nursery stock, i. e., Trees, (Fruit, Shade, Ornamental and others) balled (lifted from nursery row in a ball intact, of the earth in which they originally grew, the ball containing roots, encased in burlap carefully and securely sewed or tied; tops of trees drawn together and securely wrapped to a stiff support):

"In less than carloads, Fourth Class.

"In carloads, minimum weight 24,000 pounds, Class C."

Don't Fotget to Cut the Tops off and Heel in Tree on Arrival.

REFERENCES.

All commercial and mercantile agencies, any bank or permanent business concern in Beaumont or Port Arthur, Texas, or the trade.

INSPECTION CERTIFICATE.

Our nurseries are inspected several times annually by qualified State Inspectors, and copy of Certificate of Inspection issued by the State Department will accompany each shipment.

DESCRIPTION OF VARIETIES.

When description of varieties is desired, please refer to our current Retail Catalog.

TERMS OF PAYMENT.

Our terms are cash or satisfactory reference before shipment is made.

Where credit is extended, terms are 30 days from date of invoice. All past due accounts draw 8 per cent interest. If more than 30 days requested, arrangements should be made and note (trade acceptance) be made drawing 8 per cent interest from date of invoice.

CASH WITH ORDER.

Where cash is sent with order you may deduct 5 per cent of the total amount of order.

TEN DAYS DISCOUNT.

We allow 2 per cent discount if remittance is received at our office ten days after date of invoice.

SHIPMENTS.

Please give plain and explicit directions as to route and manner in which you wish goods shipped—by freight or express and allow plenty of time. When no instructions are given, we shall ship as we think best, but without assuming any responsibility.

The risk and transportation charges are to be borne by purchaser.

CLAIMS.

For shortage or errors, claims should be made immediately upon receipt of goods.

PROMPT DELIVERY.

We use every care to secure prompt delivery, but we are not liable for delays or damage in transit. Our responsibility in this respect ends upon delivery in good order to transportation company, but we will gladly render all the aid we can in case claim becomes necessary.

PACKING OF AGENTS' OR CLUB ORDERS.

When requested, we will carefully pack up such orders, billing them out according to your instructions. For tying up, billing out, labeling and marking stock into individual orders, we charge ten cents per order. If you desire the roots of each individual order burlaped separately, we charge ten cents per order for this.

RATES.

Of the same variety and grade, 5 at 10, 50 at 100 rates and 500 at 1,000 rates.

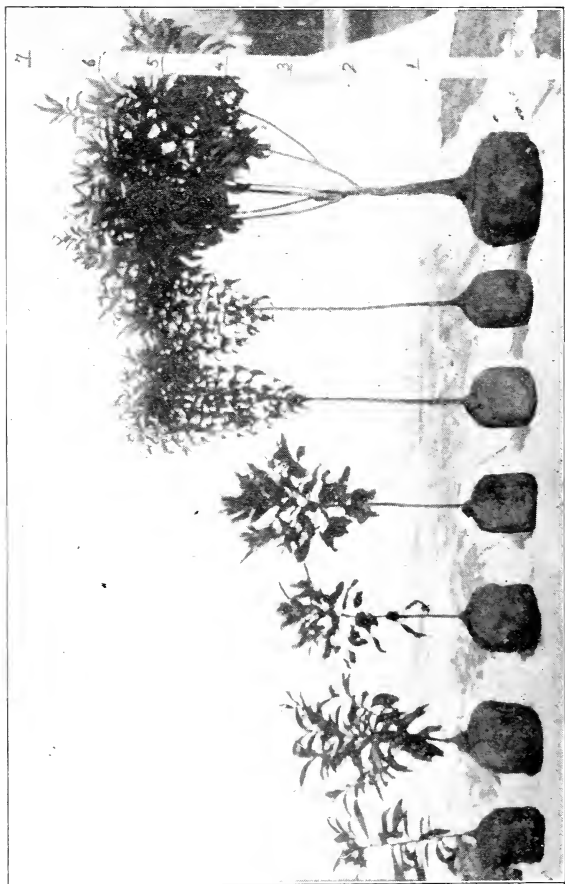

TESTIMONIALS.

We have any amount of letters in our files commending our stock, our treatment of customers, manner in which stock is packed, etc. Furthermore, we have thousands of orchards, and satisfied customers. Many customers order every year, and say that they can always depend on getting good quality, low price and fair treatment from us.

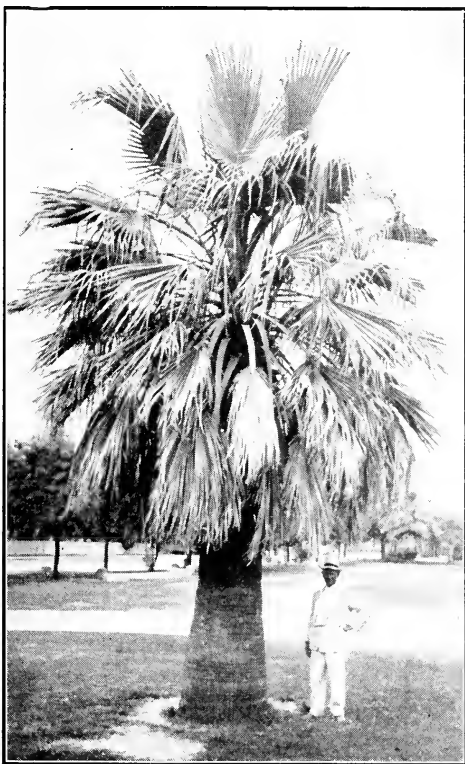

BALLING AND BURLAPPING.

After years of experience in growing and handling hardy and semi-hardy nursery grown Evergreen Trees and Palms, we have settled upon what we believe to be the best methods. We are now offering to the trade the result of these methods and are growing them on soil best adapted for balling and burlapping.

Many Evergreen Fruit and Ornamental Trees which produce a good supply of fibrous roots can be taken up with a ball of earth in which they grow. Our success in this NEW DEPARTURE is one of the most important advances in the handling of trees and shrubs. The effect is immediate. You do not have to wait for the plants to develop new heads. Your customers can see the matured tree as soon as planted. INSTRUCT YOUR CUSTOMER not to remove the burlap, and handle the ball carefully, not allowing the dirt to crumble in the burlap.

B-B after grades, throughout this Catalog, indicates stock taken up in this manner.

EVERGREEN FRUIT OR SHADE TREES, PALMS AND SHRUBS.

Evergreen trees, palms or shrubs should be used extensively along the Gulf Coast of Texas and Louisiana.

When ordered **BALLED AND BURLAPPED** they can be handled by having only a little of the top growth removed.

There is a big saving in ordering these balled trees in car lots. An assortment of **BALLED TREES** and **PALMS** could easily make up a minimum carload. Balled trees can be kept for months by being stored in a partly shaded place, the balls covered with sawdust, shavings, cinders or dirt, and the tops sprinkled occasionally. Every nurseryman should have a stock of balled trees on hand during planting season.

PALMS

A home in the South is lonesome without Palms.

COCOS AUSTRALIS (Pindo Palm.) Hardest of the Date Palm-Leaf class

Diameter of Trunk	Approx. Height	Each
9 to 12 inches.....	5 to 7 ft. B-B.....	\$12.50

Taken Before Planting B-B Evergreen Shrubs

EVERGREEN SHRUBS—Continued

LIGUSTRUM—The Privet Family.

One can stay within the Ligustrum Family and build a beautiful screen or foundation planting, with the various colors and habits of growth. We list below various varieties carefully selected and named. (For further descriptions, see our Descriptive and Illustrative catalog.)

L. AMURENSIS. Excellent for back ground in foundation planting and cheapest Shrub for screening off unsightly objects. (Grades under 5 ft. bare-rooted. See prices, Hedge Plants.)

Approx. Height	Each	10	100
5 to 7 ft. Bare-rooted, very bushy.....	.70	6.00	55.00
7 to 9 ft. Bare-rooted, very bushy.....	1.20	11.50	100.00
4 to 5 ft. B-B, very bushy.....	1.10	10.00	90.00
5 to 7 ft. B-B, very bushy.....	1.50	13.50	125.00
7 to 9 ft. B-B, very bushy.....	2.00	16.00	140.00
9 to 12 ft. B-B, very bushy.....	3.00 up		

L. CHINENSIS NANA. Fine Leaf Privet. Gives lacey effect.

Approx. Height	Each	10	100
3 to 4 ft. B-B.....	1.25	11.50	
4 to 5 ft. B-B.....	1.75	15.00	
5 to 7 ft. B-B.....	2.50 up		

L. JAPONICA (Bushy). Best where large Shrub is desired. (See Shade Trees for L. Japonica, trimmed to standard.)

Approx. Height	Each	10	100
3 to 4 ft. Bare-rooted.....	.50	4.50	40.00
4 to 5 ft. Bare-rooted.....	.75	6.50	60.00
5 to 7 ft. Bare-rooted.....	1.25	11.00	100.00
7 to 9 ft. Bare-rooted.....	2.00	17.50	150.00
2 to 3 ft. B-B.....	1.00	9.00	80.00
3 to 4 ft. B-B.....	1.25	11.50	95.00
4 to 5 ft. B-B.....	1.50	13.00	110.00
5 to 7 ft. B-B.....	1.75	16.00	140.00
7 to 9 ft. B-B.....	2.50	23.00	210.00
Bushy Specimens, B-B.....	4.00 up		

L. LUCIDUM VARIEGATED

L. JAPANESE COMPACT WAX

The two best dwarf roundish-shaped varieties of the Ligustrum family.

Approx. Height	Each	10	100
Grafted, 12 to 18 in. Bare-rooted.....	.75	7.00	65.00
Grafted, 18 to 24 in. Bare-rooted.....	.90	8.00	75.00
Grafted, 24 to 30 in. Bare-rooted.....	1.25	11.00	100.00
Grafted, 18 to 24 in. B-B, very bushy.....	1.50	14.00	130.00
Grafted, 24 to 30 in. B-B, very bushy.....	1.75	16.00	140.00
Grafted, 30 to 36 in. B-B, very bushy.....	2.50	22.50	
Grafted, 3 ft. up, B-B, very bushy.....	5.00 up		

Effects After Planting B-B Shrubs

EVERGREEN SHRUBS—Continued

L. LUCIDUM. Same prices as Wax and Variegated.

L. LUCIDUM NANA. Best for back ground in foundation planting, as they do not over-grow themselves like the *Ligustrum Japonica*. Partly deciduous.

Approx. Height	Each	10	100
3 to 4 ft. Bare-rooted.....	.40	3.50	300.00
4 to 5 ft. Bare-rooted.....	.50	4.50	400.00
5 to 7 ft. Bare-rooted.....	.75	7.00	650.00
4 to 5 ft. B-B.....	1.25	11.50	100.00
5 to 7 ft. B-B.....	1.50	13.50	125.00
Specimen, B-B	2.50	up	

L. MACROPHYLLUM. A uniform-growing type, similar to the *Japonica*.

Approx. Height	Each	10	100
3 to 4 ft. B-B, low branched.....	1.50	13.00	120.00
4 to 5 ft. B-B, low branched.....	1.75	15.00	140.00
5 ft. up B-B, low branched.....	2.50	up	

L. MARGINATUM. The Aurea or yellow color is needed in every planting. Upright grower.

Approx. Height	Each	10
3 to 4 ft. B-B, low branched.....	1.50	13.00
4 to 5 ft. B-B, low branched.....	1.75	up

L. NEPALENSE. Spreading upright grower. Slender, brownish limbs take a graceful curve. Leaves small and pointed upward, thick and glossy. Fills a space between the *Japonica* and Compact forms of the *Ligustrum* family.

Approx. Height	Each	10	100
3 to 4 ft. Bare-rooted.....	.60	5.50	50.00
4 to 5 ft. Bare-rooted.....	1.00	9.00	80.00
5 to 6 ft. Bare-rooted.....	1.30	12.50	100.00
3 to 4 ft. B-B, uniformly branched.....	1.50	13.00	115.00
4 to 5 ft. B-B, uniformly branched.....	1.75	16.00	140.00
5 to 6 ft. B-B, uniformly branched.....	2.50	22.50	200.00
6 ft. up, Specimens, B-B.....	4.00	up	

L. PYRAMIDALE. Foliage round, thick, dark and Evergreen. Indispensable where an upright, broad-leaf Evergreen is desired.

Approx. Height	Each	10	100
4 to 5 ft. Bare-rooted.....	.75	7.00	65.00
5 to 7 ft. Bare-rooted.....	1.30	11.50	100.00
4 to 5 ft. B-B, Colonial appearance....	1.25	11.50	115.00
5 to 7 ft. B-B, Colonial appearance....	1.60	15.00	125.00
7 to 9 ft. B-B, Colonial appearance....	2.50	22.50	200.00
Specimen, B-B, Colonial appearance....	4.00	up	

EVERGREEN SHRUBS—Continued

LOQUAT, or JAPAN MEDLAR (*Eriobotrya Japonica*). Sold out.

OLEANDER (*Nerium*). Fine Evergreen; white and pink.

Approx. Height	Each	10	100
2 to 3 ft. Bare-rooted.....	.35	3.00	25.00
3 to 4 ft. Bare-rooted.....	.50	4.00	30.00
5 to 7 ft. Bare-rooted.....	1.00	9.00	85.00
4 to 5 ft. B-B.....	1.50	14.00	130.00
5 to 7 ft. B-B.....	1.75	16.00	140.00
Specimen, B-B	2.50	up	

PHOTINIA DENTENTA. Sold out.

PITTOSPORUM TCIRA. Beautiful, spreading Evergreen Shrub.

12 to 18 in. B-B.....	1.50	14.00	125.00
18 to 24 in. B-B.....	2.50	up	

ARBORVITAE (*Biotas* and *Thujas*). The Chinese Class nearly all succeed in the South.
A few of the American Type grow fairly well on stiff, well drained land.

ARBORVITAE

A. AUREA NANA (Dwarf Golden) { Very dwarf and compact
A. COMPACT (Dwarf Green) { habit.

Approx. Height	Each
12 to 18 in. B-B.....	2.00
18 to 24 in. B-B.....	2.50
24 to 30 in. B-B.....	4.00
30 to 36 in. B-B.....	6.00 up

A. CHINESE (Orientalis). An excellent Hedge or Screen plant.

Approx. Height	Each	10	100
2 to 3 ft. Bare-rooted.....	.40	3.50	30.00
3 to 4 ft. Bare-rooted.....	.60	5.50	50.00
4 to 5 ft. Bare-rooted.....	.80	7.50	70.00
5 to 7 ft. Bare-rooted.....	1.00	9.00	85.00
2 to 3 ft. B-B, openly branched.....	.85	7.50	70.00
3 to 4 ft. B-B, openly branched.....	1.10	10.00	90.00
4 to 5 ft. B-B, openly branched.....	1.50	14.00	130.00
5 to 7 ft. B-B, openly branched.....	1.75	16.00	140.00
Specimen, B-B, openly branched.....	2.00 up		

A. ELEGANTISSIMA. Upright golden type.

Approx. Height	Each
5 to 7 ft. B-B, uniform shape.....	5.00
7 ft. up, B-B, uniform shape.....	7.50 up

A. ORIENTALIS-SHAPFD. These have been sheared several times and are quite compact.

Approx. Height	Each	10	100
3 to 4 ft. Bare-rooted.....	.75	7.00	65.00
4 to 5 ft. Bare-rooted.....	1.10	10.00	90.00
5 to 6 ft. Bare-rooted.....	1.50	14.00	130.00
6 ft. up, Bare-rooted.....	2.00 up		
3 to 4 ft. B-B, sheared specimen.....	1.25	11.50	100.00
4 to 5 ft. B-B, sheared specimen.....	1.75	16.00	140.00
5 to 6 ft. B-B, sheared specimen.....	2.50	22.50	200.00
6 ft. up, B-B, sheared specimen.....	5.00 up		

A. PYRAMIDALIS (Slender).

Approx. Height	Each
3 to 4 ft. B-B, upright.....	1.75
4 to 5 ft. B-B, upright.....	2.25
5 to 7 ft. B-B, upright.....	2.75
Specimen, B-B, upright.....	5.00 up

A. PYRAMID-COMPACT. Beautiful as individual specimens.

Approx. Height	Each
4 to 5 ft. B-B, bushy.....	3.75
5 to 6 ft. B-B, bushy.....	4.25
Specimen, 6 ft. up, B-B, bushy.....	7.50 up

A. ROSEDALE. The favorite; plume-like foliage, light bluish-gray in color. Known everywhere.

Approx. Height	Each	10	100
12 to 18 in. B-B, round shape.....	1.25	11.50	100.00

5 to 7 ft.....	4.00	35.00	

PECANS**PECANS—SPECIAL VARIETIES.**

Often, when an assortment of varieties is planted, there are some that prove more worthy than others. After selecting the choicest varieties for over thirty years, we have decided that the three listed below are the best producers.

PRICES SPECIAL VARIETIES

Bradley. Krak Ezy; Big Z.

Approx. Height	Each	10	100
3 to 4 ft.....	1.50	14.00	130.00
4 to 5 ft.....	1.75	16.50	155.00
5 to 6 ft.....	2.00	19.00	180.00
6 to 7 ft.....	2.50	22.50	200.00
7 to 9 ft.....	3.50	32.50	300.00
1½-2 in. Cal. up.....	5.00 up		

STANDARD VARIETIES.

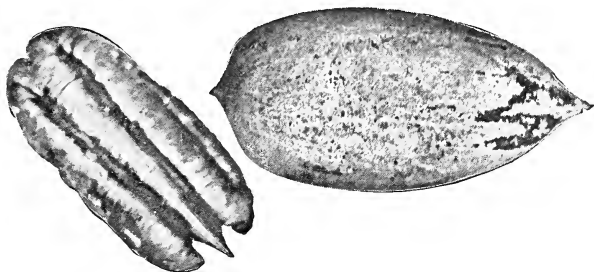

Commonly known as Paper Shell Pecans. Most of the varieties originated along the Coast, but where tried out in the arid sections of Texas, under normal conditions, it has been proved that they thrive much better than the so-called Texas varieties; where the Texas varieties will not live and bear along the Coast. We recommend planting of larger grades than usually planted.

Varieties:

Curtis	Moneymaker	Success
Delmas	President	Stuart
Frotcher	Schley	Teche
	Van Deman	

PRICES STANDARD VARIETIES
